H. POLICIES ABOUT COURSEWORK AND DEADLINES

Late Course Work Policy:

No incomplete grade will be given in this course. All assignments and exams are to be completed by the due dates required. No late or incomplete assignments will be accepted for an unexcused absence. Not having a book or the AutoCAD software on your home computer is no excuse for late assignments. All students are responsible for backing up their work.

Expectations and Survival Tips:

- Please make sure that all cell phones are turned off or on the vibrate mode. No texting during a lecture. No cell phones are to be out during exams. If you are found with a cell phone out during the exam, it will result in a zero for that exam.
- You will have to study and practice outside of class to be successful.
- Come to my office if you find yourself getting behind. Don't wait until the last minute.
- Work is not an excuse for missing class. Make sure to work out your scheduling.
- Ask questions.
- Two brains are actually better than one. Form study groups in class when working in labs or outside of class.

Food and Drinks:

- No food or drinks in any of the department's classroom or labs at any time (during and after class hours).

Class Attendance Policy:

- All students are required to attend their scheduled lectures.
- Excused absences will be allowed for the following reasons:
 - School trips and/or functions – arrangements must be made with your instructor prior to the absence.
 - Death in the immediate family – a notice must be sent to your instructor.
 - Too ill to attend class – a note from your physician must be brought to your instructor.
- Extra credit work will not be granted for any reason.
- Students are responsible for all work missed. Notes, data, etc. from missed lectures may be obtained from other students and Blackboard. I will not repeat an entire lecture in a lab due to a students' absence.

Students who file withdrawal requests by the published deadline and have not exceeded the withdrawal maximum will receive a grade of W.

Six Drop Limit

The Texas Legislature passed a ruling that limits the number of classes a student can drop during their years as an undergraduate student to six. This policy applies to any student who was a first time college freshmen fall, 2007, or later, who attends a Texas public institution of higher education. Courses dropped while attending a private or out of state college do not count toward the six drop limit. For further information, refer to the [ACC Catalog](#) or contact Student Services.

K. GRADE APPEAL PROCESS
